## Where good friends and nature meet

It is time to get a little dirt under those finger nails and take in nature's grandeur! Our first stop is at **Schonheit Gardens** in Sun Prairie. The Nursery and Garden Center features a wide selection of exceptional perennials, unusual bedding plants, select shrubs and unique garden accessories.

Owners David and Nancy are waiting to meet us at **The Flower Factory** (featured in April 2008 edition of Midwest Living Magazine) located in Stoughton. The Flower Factory is Wisconsin's premiere hardy plant nursery and has the Midwest's largest selection of perennials, hostas and ornamental grasses. We have plenty of room under the coach for your purchases. Then it is time to sit back and relax as we catch a bite to eat.

**Kopke's Fruit of the Bloom Greenhouse** is known for their hanging baskets and is a premier grower of quality bedding plants. You will be in awe as you view more than 13,000 baskets. Our final stop for the day is a family-owned nursery located in Evansville, called **Enchanted Valley**. They grow and sell hundreds of varieties of daylilies (which are available bare-root onsite and mail-order) along with thousands of types of rare and uncommon trees, shrubs, perennials, water plants, fruit trees, hardy roses and annuals.

\*Don't delay in signing up: this tour is very popular and fills up quickly.
